

# WE DON'T SUCK!

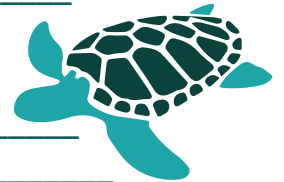

Millions of plastic straws are used in Australia EVERY DAY.

Single-use plastic straws are one of the most consumed plastic items in the world and they are wreaking havoc on our local environment. After just one use, most are thrown away. What doesn't end up in landfill, ends up in our oceans.

## Pledge For Businesses

Business Name: \_\_\_\_\_

What Kind of business?  Restaurant  Bar/Pub  Accomodation  
 Cafe  Office  Retail

Email Address: \_\_\_\_\_

Website: \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Postcode: \_\_\_\_\_
